

SOLUTIONS MARINE

MADE IN GERMANY 

ECO-LINE BENEFITS

- Proven reliability in more than 70 years
- Made in Germany
- Efficiency, low emissions, exhaust gas treatment
- Choice of Gensets, in the usual power ranges
- German engineering, inhouse designed

STANDARDS

Engine and alternator mounted on common base frame

- Flexible coupled
- Main- and Auxiliary Sets with Heat Exchanger and Seawater pump
- Radiator cooled Emergency Sets
- Electric and / or Air starting system
- Equipped with alarm and control system inhouse designed

**For Customized Solutions and Options,
